FORWARDING MEMORANDUM:

25X1A

SUBJECT

: Contract of [REDACTED]

REFERENCE

: [REDACTED]

25X1A

25X1A

The subject is entitled to count his time as creditable service for retirement purposes because his contract has been retroactively amended to make him a contract employee. The amendment specifically states that he may make deposits into the retirement fund and receive credit. This amendment was made in order to conform with the actual conditions of subject's service with the Agency.

The first paragraph of the referenced memorandum is misleading where it says that a contract agent comes under the Retirement Act.

The referenced memorandum should be redrafted to conform with the above. It is suggested that the matter be discussed with [REDACTED] office before any final communication is sent on this matter.
